

MONTESSORI SCHOOL ALMERIA
Growing place

WELCOME TO OUR SCHOOL

A British Education.
Montessori Education.

Come and meet us

Our school is an **amazing and inspirational place to learn and grow**. Come and have a look for yourself at the opportunities we can offer your child.

Our purpose is to help each child reach their full potential in all areas of life. We wish to create a school which enables every child to realise his/her potential academically, socially, morally, spiritually and culturally within a caring environment.

Why choose us?

100 metres from the sea

In the city of Almeria. Our school is a green space to learn. We have our own garden as a living space where children learn about nature, ecology and biology.

English teachers

Our teachers are native English speakers and are trained in the British Education System.

Meals

Our menu is rich in greens and organic vegetables.

Well- resources classrooms

Our classrooms are equipped with all the Montessori developmental materials. Classrooms are spacious and light-filled so the children feel safe in an environment adapted to every level of development.

Technology

Our methodology is not incompatible with new technologies; on the contrary, we ensure that humanism and up-to-date innovation work hard in hand.

Our School

Montessori School Almería is a **private school that offers a British education and follows the Montessori Pedagogy.**

Our school complies with the British Education System and follows the Early Years Foundation Stage and the National Curriculum of England.

It is a **small school with a small ratio of children per classroom and provides an individualised instruction for every child.** Our Educational Team is formed by both UK fully qualified teachers and by staff trained in the Montessori pedagogy (AMI trained).

--- “ -----

We believe that a
Montessori
education is the
education of the
future

----- ” ---

Children's House

Early Years Foundation Stage

A wonderful, family environment for children

Children will learn new skills, acquire new knowledge and demonstrate their understanding through 7 areas of learning and development outlined in the EYFS.

- Personal, Social and Emotional Development
- Communication and Language
- Physical Development

Specific areas include essential skills and knowledge for children to participate successfully in society.

- Literacy
- Mathematics
- Understanding the world
- Art and Design

Elementary (6-12)

Primary. KS1- KS2

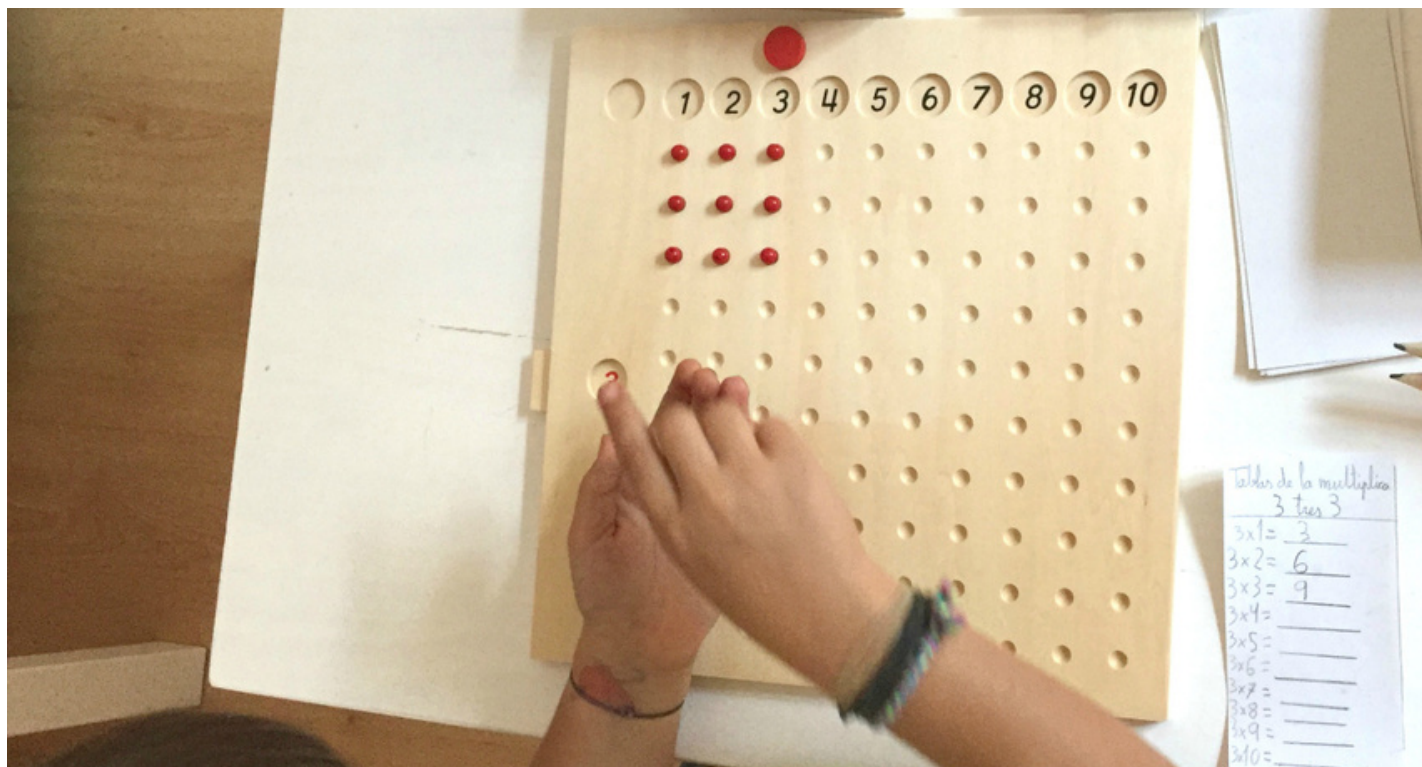

To go beyond the tangible world, and begin to reach for the stars

Our Primary program follows The National Curriculum of England. These are the areas we explore, using a Montessori approach.

The curriculum is taught in English and compulsory Spanish subjects are taught in Spanish. We follow all the fundamental principles of British education, drawing on Montessori pedagogy.

Therefore, in each of our primary classrooms there are at least 2 teachers: a British tenured teacher who has the qualification and experience in the United Kingdom. And an AMI Montessori guide teacher for elementary school (6 to 12 years old). In addition we have specialists to teach Physical Education and Music (English) and of course the instructors in other languages - qualified Spanish and French teachers.

Center Recognized as British School in Spain.
Report and Inspection in British Council.

Inspired by the principles of the International Montessori Association.

Member of the Positive Discipline Association of Spain.

Child-friendly Educational Institution "UNICEF"

Member of the Spanish Montessori Association

“

“The secret of good teaching
is regard the child's
intelligence as a fertile field
in which seeds may be sown,
to grow under the heat of
flaming imagination”

María Montessori
